### COURTESY

Presidents of western universities and colleges will act as judges in a prize essay contest on the subject of "courtesy" open to employees of Southern Pacific company, according to an announcement in the May issue of the Bulletin, the employees' monthly magazine.

Two hundred and fifty dollars in prizes will be distributed to employees on Pacific lines of Southern Pacific Co. for the best essays. The contest will end June 15, and the essays will be limited to 250 words.

"Courtesy and success are linked together," says Paul Shoup, executive vice-president of the company in an announcement in the Bulletin. "Courtesy should be a subject for fruitful discussion indeed. In word, in action, in bearing, it has almost infinite forms. It is the finest guise that human relationship in the long years of life takes on. Back of it are kindness, understanding, and sympathy. It brings to its possessor great reward aside from the obligation that rests on all of us as expressed in the Golden Rule. It minimizes misunderstanding and the difficulties of the moment. It creates friendship. It is a very broad word in its place and best meaning, and well worthy of the consideration that it to be given it.

"I know my associates in the Southern Pacific company wherever placed, have an interest in this subject, and in its application to the family of Southern Pacific employees it is markedly an element of the success of the company in their relationship one with another, making for efficient team work and likewise in association with the public that they seek as a company to serve."

The leading editorial in the Bulletin, commenting on the contest, observes that each individual has his own ideas and that "the interchange of thoughts and suggestions will prove well worth while. The contest will prove a striking expression of the spirit of public service as exemplified by a great railroad."

The judges will be Dr. W. W. Campbell, president of the University of California; Dr. W. J. Kerr, president of Oregon Agricultural college; Dr. Lloyd H. Marvin, president of the University of Arizona; Dr. David S. Hill, president of the University of New Mexico; Dr. Maxwell Adams, vice-president of the University of Nevada and Dr. George Thomas, president of the University of Utah.

### Richmond Community Builders

DURING THE TIME MR. HIGGINS HAS BEEN IN THE BUILDING MATERIAL BUSINESS, HE HAS HELPED TO BUILD APPROXIMATELY HALF THE HOMES IN RICHMOND.

THE CONTRACTORS OF RICHMOND HAVE BEEN LOYAL TO HIM. SERVICE IS THE ANSWER.

E. H. HIGGINS

Editors Note: This is another one of our series of sketches of public spirited men and community builders of Richmond. Our purpose is twofold—that individuals who have given their time and ability for the purpose of the community may be given recognition, and that such recognition may encourage others to think and act the part of community builders.

To the man who makes a success of life, entirely unaided and with many obstacles to overcome in the struggle, much credit is due, and where he has helped in the development of a community while building up his own business, he can rest content in the knowledge that he has done his share in the interest of the

commonwealth. Such a man is E. H. Higgins. Higgins was born in Mendocino county and received his early schooling there. As a boy he worked on a farm, which work he followed for 10 years. He came to Richmond about 1912 and started in the contracting business. Three years later he bought out the interest of Johnson-Braine company that was in 1916. He confined his attention to building materials, fuels, etc. Higgins has the distinction of furnishing the major part of nearly all the building material used in building Richmond.

He speaks in high terms of the courteous treatment he has received at the hands of the Richmond contractors, "without their wonderful assistance my present success would not be possible," Higgins states. For seven long

years Higgins contracted his business with little or no competition. Higgins has always contributed to every noble cause that would further the interest of Richmond, which he loves. He has always been active in civic affairs many times taking an active interest that called him from his business when he could ill afford the time.

He now enjoys the distinction of being president of the Richmond Builders Exchange and that position requires keen foresight and stability.

Higgins is also a member of the Chamber of Commerce, a member of the Lion's club, Masonic order and Richmond Elks.

Service is his middle name and all who have come into close association with him speak of his remarkable ability in doing everything that interests him in a business-like way.

## MORE THAN TWO MILLION STILL OUT IN BIG STRIKE

By ROBERT J. PREW  
Staff Correspondent Universal Service.

LONDON, May 15.—More than two million trade unionists were still out of work today in Great Britain because of the slowness of the process of readjusting terms with their employers.

Delegates representing a million miners, whose strike led to the calling of the historic general strike, received Premier Baldwin's "peace proposals" for a settlement of the long-standing dispute within the mining industry, and gave them brief consideration. Tide deliberative body then adjourned until Thursday next, evidently desiring that the terms be digested fully by the rank and file before action on peace is taken.

Many unions affiliated with the printing trades have been unable to agree to terms for resumption

of work, and the country as a whole is therefore still deprived of its newspapers. There is little likelihood of a return to normal publishing conditions before Tuesday.

There will be no Sunday newspapers in London, mainly because the companies which contract to distribute the papers are insisting upon wholesale employment of non-union men.

Dock laborers in only a few of the ports had rejoined the ranks of the wage earners and there has been no general resumption of work in the building and engineering trades.

That the government is unperturbed in the face of the delay in cleaning up the situation caused by the general strike is shown by the fact that the prime minister, after the terrific strain of the

## Credit Group To Hold Meet Monday Night

More than forty reservations have been made for the Richmond Credit Rating bureau's dinner to-morrow night at 6:30 in the guild hall of St. Edmund's church. All reservations for the dinner must be in by tomorrow morning, according to Mrs. Marie Macdonald Jensen, secretary.

F. E. Shermantine, president of the California Association of Retail Credit Bureaus will be the principal speaker of the evening. Harry Alberts will be chairman. A chicken dinner will be served by the ladies of St. Edmund's Guild.

### BIRTH CERTIFICATE

City Health Officer Dr. C. R. Blake yesterday issued a birth certificate to the daughter, born May 11, to Mr. and Mrs. L. J. Eby, 729 Bessell avenue.

## ENTIRE MATTER HINGES ON NEW INDUSTRIES

Months of Negotiations Bring Out Terms From Parr to Lease Wharf

Months of negotiations with the Parr Terminal Corporation by Directors of the Richmond Chamber of Commerce and the City Council have simmered down to the following propositions which are being submitted to the city by the Parr Terminal Corporation as the terms of a lease or agreement between the city and the Terminal Corporation.

1—THAT THE CITY GUARANTEE A DEPTH OF THIRTY FEET AT THE OUTER HARBOR.

2—THAT THE PARR CORPORATION BE GIVEN A LEASE OF AT LEAST FROM FORTY TO FIFTY YEARS.

3—THAT THE PARR CORPORATION BE ABLE TO SECURE OPTIONS ON AT LEAST 100 ACRES OF GOOD INDUSTRIAL SITES ON THE LOCAL WATERFRONT.

4—THAT CERTAIN LARGE INDUSTRIES MUST BE LOCATED ON THE RICHMOND WATERFRONT.

5—THAT ALL OF THESE PROPOSITIONS MUST BE COMPLIED WITH IN FULL OR THE ENTIRE LEASE OR AGREEMENT WILL BECOME VOID.

6—THAT ALL PAPERS AND AGREEMENTS PERTAINING TO THE TRANSACTION BE PLACED IN ESCROW SUBJECT TO THE COMPLETION OF ALL AGREEMENTS.

The city, at the present time, it has been pointed out on numerous occasions, is hardly in a position to carry out these propositions.

## Witness Establishes Endurance Record In Big Damage Suit

MARTINEZ, May 15.—A record for the time spent on the witness stand has been set by Walter C. Smith electrical engineer of the General Electric company who for eight days and a half has occupied the witness stand in the court of Superior Judge A. B. McKenzie expounding to the court and the jury his theories and knowledge of the actions of electricity and how and why, in his opinion the fire that destroyed the Port Costa grain house, where the Balfour Guthrie company had stored 800,000 tons of grain, could start in the electric transformers. Smith is witness for the plaintiff in the record suit of the Balfour Guthrie company against the Great Western Power company for \$619,000 damages.

For five days Smith was under direct examination and Warren Olney, directing the trial for the defendant had him under a rapid cross fire examination for three days. During this time Smith has established what is a Contra Costa county court record and probably a record for the state for the volume of testimony given at one trial by one witness. More than 1,000 pages of transcript have been taken by the stenographic reporters including more than \$50,000 words uttered in the examining, cross examining and the answering of Smith.

Smith is the last witness for the plaintiff and when his testimony will be finished the power company will marshal its forces in an attempt to convince the jury that the theory that the fire started in the transformers is wrong. It is possible that another five weeks, even longer, will be taken up in presenting the other side of the case.

## Artic Flyers Are Enroute To Nome Alaska

Giant Dirigible Will Probably Be Dismantled and Sent To U. S. By Boat.

(By Universal Service)  
NOME, May 15.—Captain Roald Amundsen and Lincoln Ellsworth of the transpolar dirigible left Teller tonight in a launch and are expected to arrive in Nome early tomorrow morning according to a wire from the Lemmon Trading company received by Ralph Lemmon, Norwegian counsel here late tonight.

The Norge ended her flight from Spitzbergen at Teller Thursday night. No details have been received here as to how the giant airship managed to make a landing in the isolated village. Teller is 25 miles north of here.

Nome is all excitement in anticipation of the visit of the two famous explorers. The city has prepared to give them a reception seldom accorded in the Arctic.

The greatest anxiety has been felt over the safety of the Norge throughout the day. There had been rumors and unconfirmed reports as to the whereabouts of the giant airship but nothing definite was received until tonight.

Lemmon immediately informed the city of the glad news he had received and preparations were rushed to accord the explorers the welcome that had been awaiting them ever since word reached here that the Norge had left Spitzbergen.

According to the message received by Lemmon only Amundsen and Ellsworth were aboard the launch that left Teller tonight. It was believed the others of the expedition were left to take care of the dismantling of the Norge.

It is now the opinion of Arctic experts that Amundsen will order the Norge dismantled and have the big airship sent to the United States aboard a boat.

The greatest enthusiasm prevailed in Nome and surrounding posts tonight over the marvelous transpolar flight.

Nome is decorated as it has never been decorated before. Norwegian and American flags are strewn along the main streets and the waterfront is a riot of gay coloring.

Many small craft are in readiness to steam out and meet Amundsen's launch and escort it in triumph to the port.

The Norge arrived at Teller at 8 o'clock, Thursday evening. She was buffeted by heavy storms between the North Pole and Alaska. In spite of the buffeting however the flight was a complete success.

The 2,000 miles over the top of the world from Spitzbergen to Teller was made in 71 hours.

No land was discovered. Captain Roald Amundsen, Lincoln Ellsworth and the sixteen other intrepid explorers on the Norge are safe and well.

## Child Killed By Mail Truck

Julia Janglans, 3 of Pittsburg was instantly killed when she was struck by a mail truck at Pittsburg yesterday. According to the authorities the little girl ran directly into the path of the approaching machine. Her body was badly mangled. The driver of the machine was not held according to Coroner Charles F. Donnelly.

## REEVES STARTS PRISON TERM

Found guilty of grand larceny in connection with the \$800,000,000 Gullet Oil case, Edwin F. Reeves was taken to San Quentin prison yesterday to begin serving his sentence. He was sentenced to serve from two to twenty years imprisonment on Monday.

Peggy Reeves, his wife, also found guilty, will appear before Judge Fred V. Wood on Thursday for the final disposition of her case, which is now being reviewed by the probation officer.

## KATES BLOCK PURCHASED BY FOSTER PACKING CO. FOR BIG PLANT HERE

COMPANY WILL CARRY PAYROLL OF 100 PEOPLE ACCORDING TO H. K. FOSTER, MANAGER

Richmond is to have a fruit and vegetable canery according to an announcement made here yesterday morning. The Foster Packing Company of Oakland has purchased the Kates Block at the foot of Nineteenth street on the spur track of the Santa Fe Railroad Company and intends to have a large size plant in operation there within the next few months.

H. K. Foster, of Oakland, active manager of the company when questioned regarding the rumor which has been prevalent in Richmond for several days admitted that the company had purchased the site and would start plans for operation at once. In discussing the company's project here he stated to the RECORD-HERALD yesterday morning.

## Letters Asked in Hagerden Estate

Charles Hagerden of Richmond has petitioned for letters of administration for the estate of his wife, the late Mrs. Ida May Hagerden. The estate is valued at approximately \$1,500. The petition was filed in the Superior Court at Martinez.

## FORD BUYS OLD SCHOOLHOUSE

STERLING, Mass., May 14.—Henry Ford has bought all that remains of the schoolhouse where Mary took her lamb, it was learned today.

The cornerstone, the doorstep and another store are all that is left of the building. Ford is said to have paid \$5 for the three stones.

Mary Sawyer attended the school nearly a century ago. She was followed by her lamb "which made the children laugh and play, to see the lamb in school."

## LOCAL MAN TO FACE CHARGES

Charges of grand larceny alleged to have been the outcome of an automobile sale, have been filed in Butte, Montana against John Kokotovich, foreman at the Standard Sanitary Manufacturing company's plant in Richmond. Kokotovich was arrested yesterday by the sheriff's office and is being held for the Butte authorities.

According to Kokotovich the charges are the outcome of a sale which was misrepresented to him and he refused to complete payments for the car. The sale is said to have been made three years ago, prior to Kokotovich's coming to California.

## Many Richmondtites Graduate from U.C.

Among the graduates receiving their degree from the University of California at the commencement exercises last Wednesday, twenty former graduates of the Richmond Union high school received their diplomas.

Those receiving their degrees were: Blossom Griffin, Clell F. Bowman, Clyde M. Anderson, Harold Woods, George Boehmer, Fred W. Bauman, Robert Collins of Pinole, John Fitzgerald, Rosamund Stanley, Ieda Oghorn, Reuben Savin, Harold Selvy, Lloyd Laughlin, Cornelius Healy, Frances Dixon, Muriel Pfeiffer, Ruth Robinson, Arthur Fisher and Seth Holmes.

"Richmond has been selected as the site of this factory for numerous reasons. The first of these is that there is a plentiful supply of the right kind of labor that will be used in this plant. The plant will be of sufficient distance from the other large plants in the bay region so that competition will be practically eliminated."

"A low freight rate to San Francisco opened up new fields of production in the agricultural lines. The plant will be in close touch with the delta region in Solano county and in direct communication with the Yuba district where the large percentages of canning peaches are raised. All shipments from that point will come over the San Francisco-Sacramento Short Line and be transferred to the Santa Fe at Bay Point."

"I look on this section as the most desirable location in California for this year."

"Preparations will be made for a modest pack this year although it is too late in the season to make any extensive preparations."

Foster pointed out further that the plant would provide work for about 90 women and a few men during the coming season but that in all probability the plant would more than double that amount during the next packing season.

The added transportation facilities of this community combined with those which have existed here for some time did much to attract this new industry to this city.

The fact that the company has selected this site for the reasons stated by the manager is taken as a good omen that the excellent facilities that are offered for manufacturing plants is finally reaching some of those interested.

## PACIFISM AND COMMUNISM

There are a great many professional pacifists in America who are also apologists for Soviet Russia. They are going to have a hard time reconciling their consciences to the fact that it is the refusal of the Red government to take part in disarmament conference which more than anything else is going to make the Geneva conference for the limitation of armaments a practical failure.

Says the Paris Temps on the subject:

"Is it possible to conceive of a reduction of armaments by the European powers while revolutionary Russia, which has by no means renounced her dreams of a universal revolution, remains armed to the teeth? The abstention of Russia risks ruining in advance all such projects, or at least removes all value from decisions in principle which might be taken relative to the limitation of armament?"

The preliminary meeting is going to be held at Geneva on May 18, and the best prediction of the result now is that it will be nil so far as practical disarmament is concerned. According to best estimates in Paris the Russian reds now have a well trained army of a million men who had their schooling under the czar and who are skilled in their profession. It is the object of communism to overthrow capitalistic governments wherever possible. With this constant threat in view no European government within the sphere of Russian military influence, is going to consent to disarmament so long as a million armed men remain in Russia. To do so would be to commit suicide.

In the meantime those pacifists in our own country who have shown a foundress for sovietism ought to do a lot of tall thinking.

## MUNICIPAL OWNERSHIP

Municipal ownership has gone backward rapidly in one field during the last year. As many as 269 cities in this country have closed or sold their electric lighting plants during that period. The most frequent cause of this step was the great advance in the economical operation of private plants. These plants enabled them to obtain three times as many kilowatts of electricity from a ton of coal as was obtained in the average municipal plant.

## RECIPES WORTH REMEMBERING

by Mrs. E. K. Lemcke  
Famous Authority on Cooking

THE serving of food through all civilized ages has been associated with the delightful qualities and occasions of life. Festivals, intimate confidences, the gathering of friends for temporary forgetfulness of the drastic affairs of living—these have always been expressed in banquets, teas, dinners, and happy dinners. "I have eaten your bread and salt; I have drunk your water and wine." In these words Rudyard Kipling told the maturity of life among the people of our race in a strange country and their common sharing of all that went into life.

Breakfast, luncheon, tea or dinner, the picnic lunch and the late-at-night supper, everyone of them means, or should mean, the coming together of the material and the social, the aesthetic, if you please, elements of existence. Granting that it is highly desirable that we have food to serve on such occasions that is worthy of their importance. A salad recipe that will prove valuable

often times for its beauty as well as its taste is given here:  
Tomato Jelly Salad  
Crush the juice from three ripe tomatoes. Season with pepper and salt and drop in a sprig or two of parsley, and, if your taste dictates, a teaspoonful of finely chopped onion. Soak two table-spoonfuls of Royal gelatin in a cup of cold water for five minutes. Stir until gelatin is dissolved. Add it to the tomato juice and place upon ice. The salad jelly may be served in a nest of lettuce leaves with French or mayonnaise dressing, and in that case it is well to pour it into molds to cool, or peppers may be filled with it and a dash of mayonnaise over the top. Served so, with toasted crackers, it is a delicious salad course or an evening's refreshment when supplemented with a demi-tasse of fairly strong coffee.

Mrs. Lemcke will be glad to answer questions of any of her readers interested in cooking.

### THE PIRATES OF TRIPOLI

Tripoli and other towns on the coast of Africa had been nests of pirates for many years. The people were Mohammedans. They were in the habit of sending out fast-sailing armed vessels to capture the ships of Christians coming to the Mediterranean to trade. European nations had failed in their repeated efforts to break up this system of robbery. Every year Great Britain was obliged to pay the governors of Algiers and Tripoli large sums of money in order to protect her commercial enterprises in that section.

The United States had no ships of war worth mentioning during the Washington and Adams presidencies, and had to buy the good will of these pirates. At one time the United States paid the ruler of Tripoli twenty thousand dollars a year to let our merchant vessels sail the Mediterranean in peace.

In addition, we had to give him

costly presents and purchase the liberty of many of our sailors whom the people of Tripoli had seized, held as slaves and worked like beasts of burden under the lash.

We spent a million dollars to rescue these unfortunate sailors—part of the money being given by the government, part of it collected in the churches on Sunday.

The governor of Tripoli, disappointed because we did not yield to his demands, declared war against the United States. In the meantime we had procured a small fleet of warships, and the president sent them out to Tripoli. The result was that the people of Tripoli were glad to make a new treaty with the United States. They agreed to let our merchant ships and sailors alone in the future, without asking pay for it. And the Pope declared that the Americans had done more toward punishing the Mohammedan pirates than all the nations of Europe put together.

## "NEW WORLD SYMPHONY" IS TRIBUTE TO AMERICA

Regardless of Bygone Controversies, Dvorak's Composition Holds Favor.

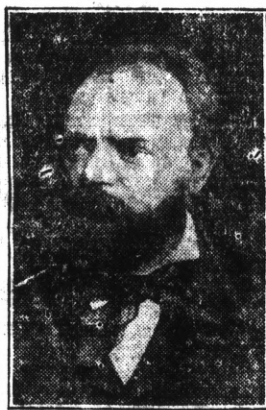

**A** DARKENED theatre... a drama of lonely, wind-swept prairie unfolding on the silver screen... the pleading, fearful voices of violins lending deeper pathos to the tragedy that is unfolding... a symphonic breath of emotion which makes the cinema pantomime really live.

What is this haunting fabric of sound which sweeps almost every string of the emotion, and which can express with equal facility the swinging rhythm of charging redskins, the rush of city traffic, or the isolation of the pioneer's cabin? And why do theatre audiences throughout America, listening to it through the years, often without being able to identify it, continue to be swayed by its magic?

It is the Symphony No. 5, "From the New World," by Antonin Dvorak. The subject of many a heated controversy among musicians, as to whether it does or does not express the authentic spirit of America, it has, nevertheless, endured in the affections of Americans, and can now be said to have attained a fixed place in the musical life of the United States.

Antonin Dvorak was born on September 8, 1841, in Muhlhausen, Bohemia. Music, rather than the hereditary occupation of a bookkeeper, claimed him in early boyhood, and at the age of thirty-two he scored his first triumph as a composer with a patriotic cantata which brought him both fame and money.

In 1892 Dr. Dvorak accepted the invitation of the National Conservatory of New York, to become its director. The idea of an American symphony must have taken almost instantaneous root in the mind of the composer. Toward the end of

ANTONIN DVORAK

1892, in what was apparently a period of homesickness, he went to Spillville, Ia., where he could have contact with his own people, a little colony of Bohemians, who in this familiar environment that music's greatest tribute to America was begun, late in 1892, and completed early in the following year.

Critics have pointed out in the thematic material of the composition influence, of the songs of the Southern Negro, of the weird cadences of the American Indian, and of melodies which breathe of the mingling, in the New World, of the myriad races of the globe.

Whether the symphony is America's contribution to music, or whether it can only be cited as music's greatest tribute to America, is a controversy that probably will never be settled. It is a nationwide acceptance as a well be argued as favoring its American inspiration, however.

One of its most recent triumphs was the recording of the complete composition, on five talking machine records, as rendered by the Philadelphia Orchestra, under the direction of Leopold Stokowski, one of the greatest living masters of the symphony orchestra.

### FOR THE VETERAN

One of the bills passed by the house this week provided that if the government made over-payment to a man in the service during the war, and there was no evidence of fraud or of guilty knowledge of the overpayment by the veteran the government shall not attempt to obtain redress by legal steps.

Congressman Andrew's opinion is that in practically all such cases the veterans receiving the money considered it their just due, and promptly spent it or disposed of it in some other way. Many of these men would be seriously embarrassed if called upon to repay the government. After Congressman Andrew's lucid explanation of the measure, it was passed by unanimous vote.

#### X. BROCCOLI

Cauliflower is too familiar a dish on our tables to earn a place among the rarer vegetables but it has a first cousin from Italy which should be much better known. Broccoli looks exactly like cauliflower except that the heads are a trifle smaller and the grain is coarser. Its chief advantage over the cauliflower is its greater hardness for it can be grown in northern latitudes where the other does not thrive so well. The cultivation of broccoli is about the same as for cauliflower and the seeds are sown in the summer while heading takes place in the following spring. When cooked whole, the heads should be wrapped separately in a piece of linen to prevent its breaking. Serve with a rich white or cheese sauce.

## TELEPHONE SECURITY OWNERS ON INCREASE

A.T.&T. Stockholders Grow from 139,000 in 1920 to Over 362,000 in 1925.

During the year 1925 the number of stockholders of the American Telephone and Telegraph Company increased by 16,713. The growth in the number of stockholders since 1920 has been remarkable. During that five-year period, the number has increased from 139,443 at the close of 1920 to 362,179 at the close of 1925. Of the total number of stockholders, about 57,000 are employees of the Bell System. They own an average of about ten shares each.

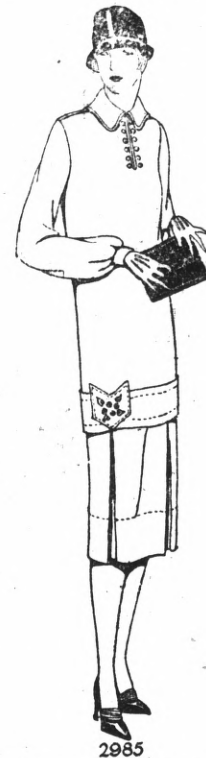

The great majority of the stockholders own only a few shares; 291,081 hold 25 shares or less and 345,649 hold less than 100 shares; 130,878 have five shares or less. Of the holders of 100 or more shares each, 16,094 hold from 100 to 1,000 shares, and 406 from 1,000 to 5,000 shares. There are only 17 holders of 5,000 shares or more, omitting brokers, holders in investment trusts, etc.

Practically all of this stock is held in the United States, only about 1 per cent being held in Europe.

At the beginning of the present century there were only 7,500 stockholders in the company. By 1905, this number had increased to 17,500, and by 1910, to 40,400. It had reached 65,500 in 1915, and 139,443 at the close of 1920. The greatest growth, however, has been since that time.

## CROSS-STITCH GIVES TOUCH OF COLOR TO MANY FURNISHINGS

The Importance of Being Embroidered Never More Emphasized than It Is this Season

By MONA MULLEN

NOW that women are finding a little more time for needlework and also because the simplicity of the new embroideries have given them an interest in needle painting that they never had before, it seems almost impossible to supply the demand for novel designs.

Cross-stitch is deservedly popular, not only because it is easy to develop, but because it offers opportunities of blending colors in such a variety of charming ways. There could be no prettier way to decorate

No. 13638—Motifs for Embroidering Buffet and Luncheon Sets, Towels, etc.

a set of scarfs and luncheon cloths than with cross-stitch embroidery, as shown in the accompanying illustrations.

Although the transfer gives a complete color chart, the designs may be done in two shades of one color, or entirely in one color. A cream or ecru background with embroidery in brown or delft blue would be lovely; so would a white background with embroidery in rose, yellow or a delicate shade of green.

This transfer may be used on light and medium colors, which also makes it appropriate for the decoration of children's garments, towels, curtains, etc. It furnishes nineteen different motifs, ranging in height from 1 1/4 to 4 1/2 inches.

The designs are selected for the dining-room linens pictured, although scarfs for the bedroom would be quite as attractive embroidered with the same motifs. The transfer also includes a peacock poised on a swing that is not shown, but is very stately and handsome. There is also a wreath with a bow in the center and sprays of flowers spreading out on either side, which may be used as a single decoration or as an enclosure for a monogram.

American people chase the dollar, but in the field of politics they are apt to pursue the holler.

## SPECIAL MUSIC AT SAN PABLO BAPTIST CHURCH

The First Baptist church of San Pablo will hear such celebrities as John McCormack, Alma Gluck and others at both morning and evening services today. A new Orthophonic Victrola, loaned by Adolph Winters, will make possible this delightful innovation.

The pastor, Rev. C. T. Axworthy will substitute a reading of Van Dyke's "The Mansion" for the usual morning sermon. This gripping story will be accompanied by appropriate music.

At the evening service the pastor will speak upon a one-word theme "Found." The new Orthophonic will again be the medium for the special musical numbers at this service. One of the numbers will be "Deep River" sung by the Orpheus quartet.

The church is situated at Bush and Twenty-second street.

**GIANT P. T. A. WHIST IS SUCCESS**  
The third of the series of whist parties held by the Giant P. T. A. was staged last night at the Giant clubrooms with Mrs. F. Jones in charge of this successful event.

About fifty tables were in operation and many beautiful prizes were awarded to the lucky prize winners.

## GRACE LUTHERAN PICNIC PROVES A BIG SUCCESS

The second annual church picnic held by the Grace Lutheran church yesterday at the East Shore park was one of the most successful events staged this year, according to Rev. S. T. Himec, pastor of the church.

About a hundred people attended this event, which was under the direction of E. J. Evans and H. W. Winkler.

The event of the day was the ball game between the married men and the single men, but unfortunately the game had to be called off in the fifth inning because of darkness, with the married men leading.

Following the games the basket lunch was served.

**STEGE ENDEAVORS ENJOY PICNIC**  
An enjoyable affair was held by the Stege Endeavor of the St. George Presbyterian church on Friday, when a picnic was staged at the Live Oak Park in Berkeley.

## HOLEPROOF OF ALL FINE HOSIERY OFFERS

### 5 Unique Fashion Features

### Plus 31 new Paris colors

NOTE HOLEPROOF'S 5 famous style points carefully. Together they safeguard you against imperfect hose. In style—in sheer richness of beauty, this hosiery stands supreme. Through special features smartness is increased to an extraordinary degree. And HOLEPROOF styles are accepted as authoritative.

A few manufacturers of fine hosiery may offer you some of these features, but not one can give them all. By them fashion tells you to judge silk hosiery.

(1) **Exquisite clearness.** In sheer chiffons, clearness comes only with the use of uniformly even thread. The lack of it in cheaper silk causes unsightly shadow rings. So, at greater cost, HOLEPROOF selects China silk, judged finest of all oriental grades.

(2) **Correct Paris shades.** Paris authorities select the newest colors. A unique scientific dyeing process keeps them clear and bright. Our anti-fade treatment protects from fading.

(3) **Superlative transparency.** Even in the heavier weights there is no cloudiness, no streaks. First, the silk is specially tested, then it undergoes the special scientific HOLEPROOF treatment.

(4) **No loose ends.** Loose threads mar appearance. So HOLEPROOF carefully trims the inside of each stocking by hand.

(5) **No imperfections.** Style vanishes with imperfections. And here HOLEPROOF safeguards you by nine separate inspections. It is a fact that few other fine hose are so uniform, perfect.

Every HOLEPROOF number has this five-fold fashion safety. Every color is new—every style is faultless and fashionably correct.

## Womanhandled Is Attraction At Richmond

Gregory La Cava makes his debut as a Paramount director at the Richmond Theatre today when "Womanhandled," with Richard Dix as the star, supported by Esther Ralston, opens.

This combination promises to be an extremely happy one, in view of the success Dix and Miss Ralston made at "The Lucky Devil" and the splendid work of Mr. La Cava in supervising the rapid fire action and thrills of that picture and Dix's previous production, "The Shock Punch."

"Womanhandled," adapted for the screen by Luther Reed from the Saturday Evening Post story of the same name by Arthur Stringer, author of "Manhandled" ("Womanhandled"), is a farce comedy of modern western ranch life, in which an effete young man of New York goes to the great open spaces of his uncle's ranch to absorb western ruggedness and virility—all this because the girl of his heart loves her men.

The ranch turns out to be next door to a good-sized town; there are no horses, the cattle being rounded up with automobiles. Then the girl arrives to see her sweet heart at the same time an "Artist and Model" company hops off the train and pays a visit to the ranch.

The laughs in the story are everything that the situation suggests. Moreover, the plot winds up with a real thriller of a cattle stampede.

Margaret Morris, recently seen in "The Best People"; Edmund Breese and Ivan Simpson also have prominent roles in the cast.

Other features include "The Cloudhopper," a Larry Semon comedy; and "Kinograms" world news events.

## BOOSTER BODY TO MEET HERE

The manufacturing situation from a standpoint of getting more pay-roll industries, both on the harbor frontage and on the upland sites along the railroads, the future of the harbor itself and matters pertaining generally to the advancement of the city will be talked over at a public meeting of the Board of Governors of the Richmond Industrial Commission at the Den O' sweets banquet floor, Monday, May 24 at 12:30.

The Industrial Commission reports a most promising outlook for the acquisition of additional pay-roll activities and expects still further substantial results this year from the work being done.

It is rumored that announcement will be made during this meeting of another extensive industry that may be located.

Harry Ellis, president, says that the new wharf on the inner part of the inner harbor and construction of a railroad to it will have immediate result in building up other enterprises locating.

The major work being done by the San Francisco Bridge Company will also help attract capital to the harbor, he says, and declares that the \$1,000,000 in extensions to be started at once by the Standard Sanitary Manufacturing Company will focus the eyes of the manufacturing interests, both of the Pacific Coast and the East, on Richmond because of the importance of this great company and the magnitude of its work in Richmond.

"We should take full advantage of all these big developments," he states, "let the world know about them and secure other enterprises through the attention they will draw to Richmond. Our outlook was never better."

## Keeping Out Stray Breezes

Even closed cars get a draft from the open signaling window beside the driver's seat and closed car wind wings are offered by the Western Auto Supply Company to answer this need. Here is a sedan with a pair of them and its pilot peeping through the extra plate glass.

## VARIED BILL TO BE PRESENTED AT CALIFORNIA

Said to be one of the most varied bills of vaudeville to play at the California Theatre this year comes to that popular playhouse today, in conjunction with the screen feature "Money Talks," featuring Claire Windsor, Owen Moore and Bert Roach.

"Watch The Cigarette" is the novel title given the manipulating and jugglery offering of Royal Materia a young European artist with a pair of deft fingers and a quick eye. Materia opens with some cute stunts with a cigarette and then presents a series of act and stick balancing that is effective.

In "Just Fun" Doodle and Allen are full advantage of the opportunities for some clever fooling. Doodle is a neat eccentric dancer and his partner is a foil for his funniest.

The KIX Serenaders who no doubt have been heard from time to time over the station from which they take their title are sure fire entertainers who specialize in steel instruments, sing a song or two of the popular variety and finish with a snappy beach dance number.

In "Topics of the Day" Cliff O'Neil has a bunch of stories to tell besides a number of original ones which he unfolds in a new way. Patrons will like his chatter. Violet Roland's Fashion Fantasy a pot-pourri of song, dance and some neat modeling and draping is a pretty offering that should appeal to all. Miss Roland comes with a big reputation as premiere dancer of many Eastern Productions and interprets many of the solo numbers in this offering, a pretty stage picture.

"Money Talks" is a fast moving story from the pen of Rupert Hughes with a thousand-and-one breath-taking moments of comedy, thrills and surprise. A thrilling capture of a ship at sea by the navy and the rescue of a stolen girl are only some of the many "thrill scenes" in "Money Talks" with Claire Windsor, Owen Moore and Bert Roach in the featured roles, supported by an all-star cast of screen players.

Other entertainment on the same program includes a Mutt and Jeff cartoon; "Kinograms" world news events; Carl Richard's California Orchestra; and Larry Canelo at the mammoth organ.

## Veterans of Two Counties to Hold Picnic Today

With a tug of war and a ball game featuring the events, hundreds of veterans from the East Bay regions will flock to Ramona park near Danville today for the picnic of the Contra Costa and Alameda counties Veterans of Foreign Wars.

A trophy presented by the Roseboro jewelry store will be awarded the winners of the ball game. The team winning the trophy three times consecutively will be the permanent owner.

Barbecued meats, coffee, hot dogs and bread will be served the picnicers at noon.

The baseball game is scheduled to begin at 10:30 and the line-up of the Contra Costa team is as follows:

"Chick" Randall, Bill McKean, James Matheson, Bill Barry, R. J. Saunders and Sam Garretty, infield; Bill Wing, M. Piper, Chet Hoyt and Jack Woods, outfield; C. C. Dewing and Steve Anderson, catchers; Oscar Davis, Lefty Doolan and Bob Willis, pitchers. Ralph Woods of Richmond will umpire.

The following merchants have donated prizes to be awarded the winners of the races scheduled among the events on the program for the day:

L. M. Lassell Company, M. J. Olstein, Star Grocery, Hilson's, A. L. Danziger, Contra Costa Drug Store, Martinez Drug Store and Richmond, Berkeley, Oakland and Alameda merchants.

## Hudson and Essex Cars Establish New Sale Record

Retail sales of Hudson and Essex cars, both locally and nationally, are at the highest point in the history of these automobiles. It was declared by J. P. Strom, dealer. He based his statement both on the local sales of new cars and on official reports of total business from the Hudson Motor Car company.

In attaining its peak of sales locally, the Strom organization with the associated dealers, placed over 40 per cent more Hudson and Essex cars with buyers here in April than in April of 1925, which was itself a month of unusual activity.

Hudson-Exsco total sales throughout the world reported to Strom from the Hudson plant, ran more than 35,000 cars, or around 30 per cent over the previous high record established in March.

"In establishing such records," said Strom, "it must be remembered that Hudson and Essex have been going at a top rate for several years. If we had been doing a mediocre business a month ago or a year ago, it would easily be possible for us to claim a huge percentage gain—not emphasizing of course the different showing of former years, but simply the current figures which were to our advantage.

"The fact is that Hudson-Exsco cars have been consistently popular and are becoming progressively more popular with our motorists, and with motorists all over the world. This is a growth based on the fundamental values of the cars, and it is logical and consistent rather than stimulated by any spectacular means.

"The economies of manufacturing which Hudson-Exsco has long enjoyed have now been made of even greater benefit to the buyers because of similar economies on selling. Our cars are now sold at prices "at-your-door" equipped ready for the road. This method of selling is praised unanimously by experts in selling and most important of all, by the mass of motorists who are the real boss of the industry."

Everybody says "It costs so little to Own and to Operate"

Although it is bigger and more rugged than other low-priced cars, Chevrolet has a world-wide reputation of costing less to own and to operate.

This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor.

Hundreds of thousands of Chevrolet owners will tell you that this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Come in—get a demonstration and let us show you why this is true.

## LIGHT-WEIGHTS TO FIGHT AT LOCAL ARENA

Billy Harms and Curly Fenton are boxing the six round main event of the Richmond A. C. C. boxing card here Friday night. Harms and Fenton are near light-heavyweights, weighing around the 165 pound mark, and a few months ago the boys staged a whirlwind bout with honors about even. These boys are nearly sure to furnish a repetition of their San Francisco bout here, and when they do the boxing fans of this locality are sure to see a vicious, now to too slugging bee. The writer witnessed the San Francisco quarrel, and for doing so perpetual slugging this bout far surpassed anything we have yet seen in fights.

Young Pancho Villa, one of the fastest flyweights performing hereabouts will collide with Jack Scott, the hard punching San Francisco 110 pounder in the six round semi-windup. Villa, who easily defeated a bantamweight opponent at the last boxing show staged in Richmond, will have his hands full with the hard socking Scott, who has howled over such boys as Abenista, George Ernie, and other good midweight fighters.

The rest of the card is made up of evenly matched four round affairs. Eddie Gruger vs. Tiger Bob Robinson, heavyweights. Jimmy West vs. Young Cumpston, 145 pounds. Cesar Bartone vs. Kid Johnson, 116 pounds. Manuel Vasquez vs. Sol Gill, 120 pounds.

## The Most for the Money

Don't say you can't afford it. At the prices we are quoting on our fine used cars, the man is extravagant who wears out shoe leather. Ride as you go. Go more and enjoy more. It costs so little in one of these fine automobiles. Your old car taken in as part payment. Very liberal terms.

### TERRIBLE

We have heard of ball games in our young life that ended with the score well up into the twenties, but that was kid stuff. Never in the history of baseball mania has anyone heard anything similar to the sensational game played between the Oaks and the Mission team on Friday at San Francisco. This little fiesta ended with the Oaks leading by a score of 14 to 13, in one of the roughest, longest, biggest score games ever witnessed. The Oaks started the far famed ninth inning rally in which they scored something in the vicinity of nine runs. Not so bad. Incidentally the Oaks garnered 17 hits to the Mission team's 12.

### FALL JOINS ATHENS

Dave Fall of Stanford University has joined the Athens Athletic club according to word broadcasted yesterday by the club management. Fall, who was second place man in the Olympic games diving at Paris in 1924, will add plenty of strength to the Athens aquatic club.

### BABINO RUTH

Babe Ruth is still going up into the list of home runs. On Friday he slammed his eleventh home of the season, thus bringing his record even with that of 1921, when he slammed 59 circuit clouts during the season. Fans are glad to hear of Ruth going up, for now, since he was down in the depths he is trying to regain all honors.

### GROH

Them were the good old days. Heine Groh is heard to say. Now Heine, once the pride of the New York Giants has signed with the Toledo club of the American Association. Groh once was the player whose name was on every fan's lips, but now he is in the cellar, too old. The king is dead, long live the king! Who will be the youngster who will take his place, while Groh sinks to but a memory?

## RECORDS FALL AS CARDS WIN TRACK MEET

(By Universal Service)

Stanford University, May 25.—Stanford University won the eight annual Pacific coast conference meet here today in the stadium with a total of 49 1-2 points. The University of Southern California placed second with 41 points and California third with 27 1-2 points. The other conference teams finished as follows: Montana and Washington tied for fourth place; Washington state, fifth; Oregon Agricultural college sixth, and Oregon seventh.

One national mark and twelve conference records fell by the wayside as the eight coast teams battled with the aid of the greatest array of stars ever seen in the west. Lee Barnes, of U. S. C., became the holder of the American record in the pole vault when he cleared the bar set at a height of 13 feet 8 inches. Captain Houser of U. S. C., with Cillette, of Montana, was a double record holder when he set new marks in the shot and discus. Gillette proved himself the greatest distance man on the coast for the past five years when he broke the tape at the end of two grueling races in the mile and two mile for new records.

Twenty thousand people were in attendance at the meet and witnessed the greatest exhibition of collegiate track and field prowess. That will undoubtedly be seen in the country this year.

## More Than Two Million Still Out In Big Strike

(Continued from Page 1)  
past two weeks, has gone to the official country seat for premiers at Cleburne to rest over the week-end.

The view of the government is that the breaking of the deadlock between employers and the trade unions will necessarily be a slow process, but that the break finally will be accomplished without the intervention of the government, except in the case of the coal industry.

The Miners' Federation, in conference today, showed itself apparently in no hurry to end the coal strike.

A delegate conference of miners today considered Premier Baldwin's peace proposals and adjourned until Thursday to consider these proposals.

The Baldwin proposals were reported to have been received by the conference with only moderate enthusiasm.

Prior to adjournment the conference passed a resolution of thanks to the workers in the trades who had joined them in striking and promised them aid if they met difficulties as the result of the general strike.

The resolution adopted was as follows: This conference expresses its profound appreciation of the sacrificing loyalty displayed by our fellow trade unionists and pledges itself to render aid to any organization which at the termination of the stoppage is confronted with difficulties arising from the strike.

Restoration of normal transportation service following the settlement of the railroad strike proceeded while the Miner's Federation and the mine owners examined the proposals of Premier Baldwin for terminating the shutdown of the coal mines.

The terms accepted by J. G. Thomas, head of the national union of railway men, for getting the men back to work will mean several thousand added to the country's army of unemployed which has increased rapidly since the strike started. Reports reaching London stated that some railroad strikers expressing resentment over the agreement want to continue the strike.

## JUNIORS WIN FROM EDISONS

The Roosevelt Junior high school baseball nine defeated the Edison Junior high school at Oakland on Friday to the tune of 8-2.

At the beginning of the ninth inning the score stood one up and then the Edison school tallied what was thought to be the winning run.

But they were fooled for in the last of the ninth inning the Junior high rallied and scored seven runs.

## Yale Takes Dual Meet From Tigers

(By Universal Service)

YALE FIELD, New Haven, Conn., May 15.—Yale defeated Princeton today in their 24th annual track games, 79½ to 55½ points. Two inter-collegiate records were broken.

In the 120 yard hurdles race Edwards of Yale won the event in 15 2-5 seconds, clipping a fifth of a second from the dual meet track mark created by Armstrong of Princeton in 1906.

Sabin Carr of Yale cleared the bar at 13 feet 3 inches, in the pole vault, creating a new inter-collegiate Yale and dual meet record.

The former dual mark was 12 feet 9 3-4 inches, created by Gardner of Yale in 1921.

## Paddock Breaks Century Record

(By Universal Service)

LOS ANGELES, May 15.—Running under adverse track conditions, Charley Paddock, Southern California "sprint king" broke the world's record in the 100-yard dash at the Coliseum this afternoon by jumping headlong into the tape in 9.5 seconds, 1-10 of a second under the old official record held jointly by himself, Dan Kelly, Cyril Coaffee and Howard Drew.

Trailing behind Charley Borah, youthful U. S. C. star until within a few yards of the tape, Paddock uncorked his phenomenal burst of speed and plunged across the line inches ahead of his opponent.

A strong wind was blowing across the field against the runners. Roland Locke of Nebraska and Phil Barber of California recently ran the century in 9.5, but with the wind at their back.

Today's effort was Paddock's seventh 100-yard race of the season. With a new record as his goal he had won every race in 9.7 seconds or better. In his campaign for a new mark he twice equalled the old record of 9.6 seconds.

Other fast marks were turned in today in the A. A. U. meet in which some 150 athletes took part.

## Berkeley and Local Fire Nines to Meet

The Richmond Firemen, under the management of Fire Chief W. P. Cooper will go to San Pablo park, Berkeley on Wednesday morning to hold their usual annual battle with the Berkeley department. The game will be called promptly at 10 o'clock.

READ IT FIRST IN THE RECORD-HERALD.

## STRIBLING BEATS RISK

(By Universal Service)

NEW YORK, May 14.—If Johnny Risko ever attempts to march through Georgia, he will encounter considerable opposition from a smaller fighter in Young Billy Stribling, if the Georgian happens to be in his home state at the time.

Stribling spotted the Cleveland rubber man 15 1-2 pounds and won a close decision of an aggressive foe in ten lively rounds at the garden tonight.

The Georgian won five rounds, Risko four, and one was even.

## De Molay Track Meet Called Off

The track meet, scheduled to take place at Martinez this afternoon with all of the county chapters of De Molay competing has been called off. The Martinez boys are intending to disband because of the lack of suitable material. The state meet of the order will be held at Berkeley in three weeks.

## Modern Woodmen To Play W. O. W.

The Modern Woodmen ball team of Richmond, will meet the Woodmen of the World today at Kenny Park, Oakland at 10 o'clock.
